

Santa Claus Inc., through its vital year-round Yes! (Youth Enrichment Services) and Christmas programs, partners with nearly 100 nonprofit and 36 school districts in S.B. and Riverside Counties. SCI provides positive intervention in the lives of children living in poverty, homelessness, and foster care who suffer from difficult living circumstances and a lack of basic childhood resources. Santa Claus, Inc. has provided for over 200,000 children in 2023. Barriers to success contribute to an array of adverse childhood experiences which negatively impact a child's mental, emotional, and physical wellbeing. By fulfilling basic and desired needs, Santa Claus, Inc. reduces, and oftentimes reverses, many of the most common problems experienced by children suffering in poverty.
